

Thought for the week

Advent Bags

Our Advent bags are now being sent home with the children. These bags contain Christmas story books and information which we hope you will enjoy sharing with your children. **Please keep them for one night and return them to school the next day so we can pass them on ensuring everyone gets one before the end of term.**

Christmas Cards

The children are more than welcome to bring in Christmas cards for their friends and teachers. There is a post box in the school office. If all the children post the cards in this box they will then be handed out.

In the last week

Class One did their craft afternoon, thank you to everyone who attended. They are now well and truly into their Christmas themed activities.

Class Two continued multiplication and division and learnt about noun phrases.

Class Three did science experiments with air resistance and learnt about statistics and measurement conversions in maths.
