Homework

Just a quick recap / explanation of homework:

Y6: Recovering from SATs! Reading/tables

Y5: Reading (every day), spellings (for Monday), CLIC (quick fire maths in a minute) (for Friday)

Y2-4: Reading (every day), spellings (for Monday), tables/SMIRFs (for Friday), CLIC (quick fire maths in a minute) (for Friday)

Y1: Reading (every day), spellings (for Friday)

R: Reading (every day), rainbow words (for Friday)

Stars of the week

Class One – Harry
Class Two – Ollie
Class Three –Tommy

Writers of the week

Class One – Oliver M
Class Two – Frankie
Class Three – Emily

Last week....

Class One started the journey of Captain Cook and

Class Two made a map of the world on the classroom floor and plotted Captain Cook's journey. They also drafted their persuasive writing pieces.

Class Three held a debate in class about fidget spinners and year 6 completed their SATS.

Census Day – Thursday 18th May

Please can as many children as possible have a school dinner this Thursday, especially if they are in Reception, Year 1 or Year 2. This is because it is Census Day and part of our school funding is calculated based on how many children have a school dinner this day.

The menu is chicken and wedges with vegetables and gravy. Followed by chocolate brownie and ice-cream which is very yummy!!

Bags2School collection – TOMORROW – Tuesday 16th May

Please can we remind you that the collection is tomorrow morning from school. Please bring in all your bags ready for collection. Many thanks. We will be most grateful!

You Tube

We are aware that some of our children have been posting videos on YouTube at home, some using many necessary precautions and others not. We have spoken to any parents of children we know are involved to make them aware of this but would like to make all parents and guardians aware so they can be vigilant. It is possible to communicate with others through YouTube comments and for children to reveal much about their life to make them susceptible to internet predators.
