In the last week

Class One have been started talking about using positional language (first, second, third etc.) and recognising numbers up to 10 with their Numicon. In literacy they have been writing about trees after going on a walk and taking photographs of their favourite ones. They have started fact finding about going to the moon.

Class Two are doing well in their times tables and have been working hard on division and multiplication in maths. They have done a draft of non-chronological reports and are practising editing texts.

Class Three have introduced forces in science. The Year 6 children all completed their Bikeability course at the end of the week whilst Year 5 continued with numeracy and literacy.

Academic resilience – our children ‘being brave’!

Homework

This term's optional homework will come home on a sheet with your child tomorrow.

Children in Need

Well done for all your efforts on Friday with the Children In Need Appeal, particularly Edward, Drew, Jasumin and Maddison who worked really hard to put on the event which every really enjoyed. The treasure hunt was great fun and the spotty bakes on the cake stall went down a treat! The total raised by our school (including wrist band sales, dress down day money, cakes and treasure hunt donations) was £200.60, which is amazing! For photos see overleaf.
